

Beverage Container Program Reform Workshop #3 September 24 - 25, 2012 - Focus Group Reference Document

Beverage Container Program Reform Workshop #3			
Beverage Container Grants Matrix	Local Conservation Corps \$15 million + COLA	City/County Payment Program \$10.5 million (\$5,000 minimum cities/\$10,000 minimum counties)	Beverage Container Recycling Grant (Competitive) \$1.5 million
PRC Authority/ Appropriation	14581 (3)(A) provides \$15 million plus the proportional share of the cost of living adjustment, which shall be expended annually in the form of grants for beverage container litter reduction programs and recycling programs issued to Certified Community Conservation Corps that were in existence on September 30, 1999, to perform litter abatement, recycling, and related activities.	14581(4)(A) provides \$10.5 million that may be expended annually for payments of \$5,000 to cities and \$10,000 for payments to counties for beverage container recycling and litter cleanup activities or the department may calculate the payments on a per capita basis and may pay whichever is greater. To date, the per capita amount is calculated based upon the population as of January 1, for the current payment cycle, in the incorporated areas of a city, city/county, or the unincorporated area of a county, as stated in the annual City and County Population and Housing Estimates Report submitted to the Governor by the CA Department of Finance.	14581(5)(A) \$1.5 million may be expended annually in the form of grants for beverage container recycling and litter reduction programs.
Number of Grantees (FYs 11/12 & 12/13)	13	513 (FY 11/12 awarded; 538 eligible) 539 (FY 12/13 eligible)	27 (FY 2011/12) 13 (FY 2012/13)
Types of Projects	Large venue beverage container recycling programs; Collaborate and partner with local city and county jurisdictions leveraging resources for collection of beverage container recycling and litter reduction and related activities; Provides recycling services to parks, campgrounds, schools, colleges and universities; Public education and recycling awareness; Construct recycling bins from recycled materials, and make them available to park agencies and municipalities	Support for new or existing curbside recycling programs; Neighborhood drop-off recycling programs; Public education promoting beverage container recycling and litter reduction; Litter prevention and clean-up; Cooperative regional efforts among two or more cities and counties; other beverage container recycling and litter reduction programs	Support to implement new or enhance existing programs by providing convenient beverage container recycling opportunities in various locations statewide; Infrastructure and equipment
Organizations Funded	Local Conservation Corps	Cities/Counties	<u>FY 2011/12</u> Non-Profit: 2 Schools/School District:5 State:1 Cities/Counties: 10 Colleges/Universities: 6 Recreation Park District: 1 Associations: 2 <u>FY 2012/13</u> Non-Profit: 1 Schools/School Districts: 1 State: 1 Cities/Counties: 6 Colleges/Universities: 3 Business: 1
Jobs	438 + (Data source: FY 2011/12 California Conservation Corp Certification Review)	Data Unavailable	Varies and depends on the grant project. Grant monies can support startup personnel costs.
How does the program support the Act and the CalRecycle's goals?	Provides collection and/or recycling services where opportunities may be limited, non-existent, or locations franchise haulers do not service/available (includes, multifamily/large venue/community vents/schools/colleges/ businesses); Drop-off collection/Recycling Centers; Provides opportunities for partnerships with local government/jurisdictions to leverage funding; Provides education to schools/school districts/colleges/universities on beverage container recycling and litter reduction; Provides life and job skills/training for corpsmembers to seek other job opportunities in other recycling and litter reduction programs; Supports the CalRecycle's mandated statewide beverage container recycling rate and AB 341 75% recycling goal.	Provides funding resources for recycling and litter cleanup to eligible cities and counties. Resources support statewide infrastructure; recycling and litter reduction programs/services, including rural communities where recycling and litter reduction resources are limited or none existent. This program provides resources to reach and maintain the CalRecycle's mandated statewide beverage container recycling rate and AB 341 75% recycling goal.	With the broad eligibility, this program provides funding resources to non-profits, schools, school districts, colleges/universities, cities/counties, rural jurisdictions, and businesses to establish infrastructure and/or implement beverage container recycling and litter reduction programs/services. This program provides resources to reach and maintain the CalRecycle's mandated statewide beverage container recycling rate and AB 341 75% recycling goal.
